Day two

Umfula to Timbavati

An early alarm call awaits so we can travel to Pridelands Game Reserve for a game walk/drive in our open-sided vehicle. An evening meal and drinks around the campfire round off the day before we hit the hay at Machaton Private Camp. This is the first of two nights here.

Timbavati highlights:

53,000 hectares of unspoilt wilderness await you at Timbavati. As there are no fences between Timbavati and Kruger National Park, making this is a great place to view the "Big Five" as the wildlife roams freely in a huge natural environment. Over 300 bird species also call Timbavati home.
